

**Serampore Girls' College in collaboration with  
BidhanChandra College, Rishra, West Bengal**  
Organized a National Level Webinar on  
**“Revised NAAC ASSESSMENT AND ACCREDITATION PROCESS  
FOR AFFILIATED COLLEGES”** on 22/07/20

Two esteemed resource persons were:

1. Dr. Ganesh Anant Hegde, Advisor, NAAC, Bangalore
2. Dr. Siddharta Gupta, Principal, Bankura Zilla Sarodamoni Mohila Mahabidyapith, West Bengal

**Report on Dr. Ganesh Anant Hegde's presentation:**

Dr. Hegde made a very enriching and eloquent deliberation on the topic which was very informative in nature. Dr. Ganesh Hegde enlightened us on the relevant issues, guidelines to be followed in the revised NAAC procedure. He made a sincere effort to guide us so that, we teachers are enabled to score points leading to the achievements in NAAC. But what was most striking is the fact that the beginning of his speech was reflective of some factors that set the backbone of the entire session. They were:

1. Vision and mission of the institution: inculcation of long term values and foresight to move ahead.
2. A small change in our perspective can generate miracles (example of 6-9 from two angles)
3. It is all about perspective.
4. Setting core values.
5. Flowchart on screen depicting importance of responsibility, support, Innovation, leadership, Ethics, Integrity, trust and so on.

Dr. Hegde advised IQAC to set up an active alumni association to motivate and energize current students for self-development and to suggest authority about needs of students. He stressed on learner centric learning and fruitful mentoring of students by teachers.

### **Report on Dr. Siddharta Gupta's presentation:**

Dr. Siddharta Gupta's presentation was extremely informative, educative, well-analysed and enriching. He touched upon every aspect of the criteria with special emphasis on Teaching- Learning and Evaluation.

He spoke about Qualitative, Quantitative Metrics, SSR (Student Survey Report)-preparing software, collection of data of students' progression, alumni registration portals, proactive functional alumni association, process of verification and everything related to that, catering to students' needs and improvement. His special attention in the lecture was on teaching-learning- evaluation, mentor-mentoring and 'Green Audit'-one major concern. He made a very lucid presentation which was fruitfully productive.

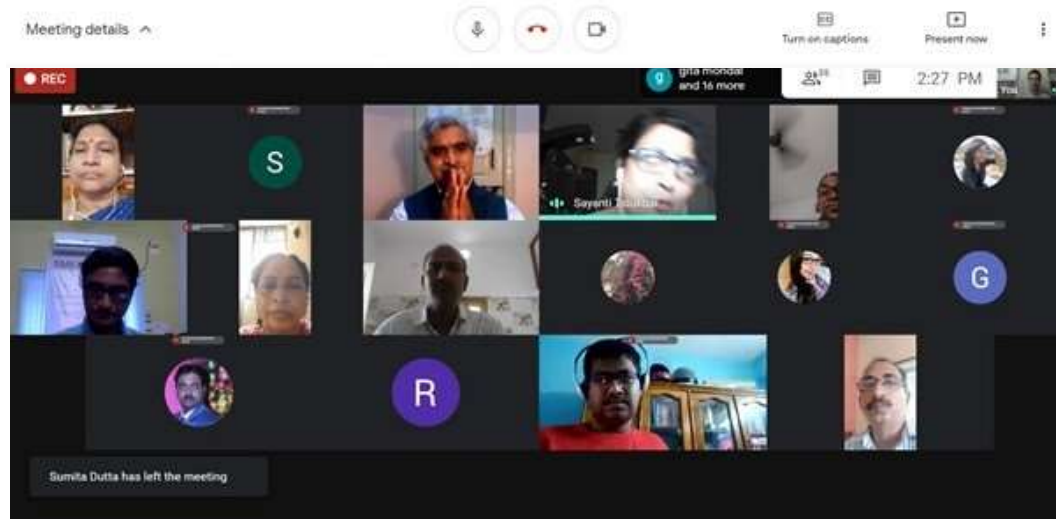

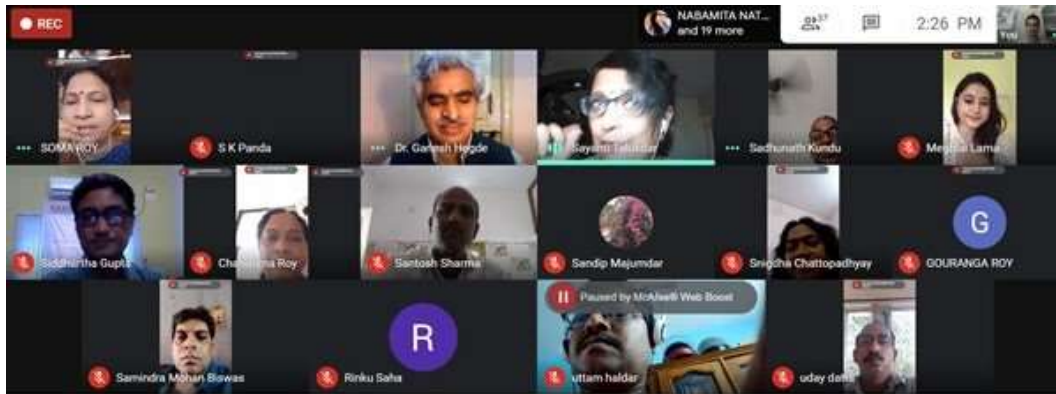

Dr. Gupta stressed upon the fact that students' awareness is one of the most important factors to be fulfilled. The things to be taken into account are students' feedback collection, online methodology, video tutorials/ demonstrations in NAAC Website.

According to Dr. Gupta, Criteria-based assessment constitutes the backbone of NAAC- hence, emerging issues in the revised framework, to be taken care of.

Dr. Siddharta Gupta's main focus was the 'Criterion 2', which was explained by him most elaborately. The teachers' plans and actions are to be undertaken, catering to students' diversity, their interests should be our utmost lookout.
